

3D

Our newest crew member, a little weaver bird, got a real body.

134

Strands in its woven nest, each placed in the order a real weaver would.

2-0

Brewers lead the Division Series after a 4-3 win.

17-14

Packers win at Tampa Bay.

BUILT TODAY

A 3D weaver that flies in, glides and lands on its nest.

A woven nest, built knot first, then ring, roof, walls and tube.

Its own little chat room on the phone.

THE RULE

A new crew member doesn't start until its job is written down: what it may touch, how to undo it, and when the permission ends.

HONEST LESSON

Its first message didn't go through. Instead of guessing, it left a note where someone would find it.

When the road is blocked, leave a note.

WATCHING

The nest grows one strand at a time, from real work.

Filled in on Wednesday from Monday's records.
